**Minutes of IQAC Meeting held on 23 December 2021 at Board Room**

Dr. Nirmala welcomed all the members of the committee to the meeting. After unanimous agreement of everyone over the agenda, the following points were discussed.

**1. Induction Programme**

Dr. Shalaka Parker, Dean MBA, came up with an excellent suggestion for the induction programmes of both MBA and MCA. She emphasized the importance of skilling during student life. She further came up with some skilling initiatives that could be taken up during the induction programmes of both the courses. She proposed that experts from various fields could be invited during the induction programme to share their journey and expertise with the students. This would also give an opportunity to students to interact directly with them. The suggestions were accepted gracefully by the other members.

**2. Booster Camps for Revision**

Dr. K Nirmala shared expressed concern that students missed the offline learning mode that would enable them to interact face to face with their faculty and clarify their doubts. To bridge the knowledge gaps in online teaching learning process, it was utmost important to provide support to students and facilitate better understanding of their curricula.

She suggested that the above objective could be achieved by organizing some revision sessions for students wherein the concerned faculty members would revise important topics in their respective subjects. And students would get another opportunity to better their understanding of various topics.
